Benefactors & Presenters from the 2011 Bursary/Scholarship Awards.

Mission Community Foundation is extremely thankful to celebrate with many benefactors and community organization presenters at the 2011 Bursary/Scholarship Awards evening. What an honor and privilege to recognize our wonderful citizens. Over \$1 million in bursary/scholarship awards to almost 900 students.

Benefactors are the people who establish a fund and they decide where the earnings will be distributed to having choices of community grants; bursary/scholarship awards or adding to any other existing fund. Direct giving with real impact into the future.

Benefactors have positively impacted a wide variety of community grants since 1988 with almost \$400,000 to a diverse spectrum of interesting initiatives big and small.

Community organizations partner with the Foundation with flowthrough funds and participate with directions and specific qualifications which are pre-determined.

Easy ways of direct giving: cash, estate planning, insurance, stocks & bonds and automatic debit contributions. Interesting, honouring and unique ways of direct giving for birthdays, anniversaries, Christmas and in-memoriam. How very special.

If you are interested in attending "National Philanthropy Day" complimentary luncheon on **November 25**, please call before November 14 for your reservation, limited seating available. Find out how you can be a difference maker in our community.

Any time is a good time to participate. Call today.
